I.P. WASH
Automatic Water Miscible Wash

DESCRIPTION:
I. P. Wash is a versatile low odor water miscible wash that can be used in all automatic wash units, and also as an effective hand wash. It is citrus scented, has a moderate drying speed and terrific cutting power. I. P. Wash can be used full strength or mixed with up to 30% water to quickly remove ink and varnish.

FEATURES AND BENEFITS:
• Great cleaning power for auto units and for hand washing.
• Effective on both web and sheetfed presses.
• Baldwin Approved and many other OEM Approvals too.
• Very low odor and low vapor pressure product.
• Water miscible up to 30%.

DIRECTIONS FOR USE:
Rollers: Apply straight or diluted with up to 30% water across the top of the roller. Allow the product to run into the roller train for a few minutes and engage the washup blade. Reapply as necessary. Blankets: Apply straight or premixed with up to 30% water with a saturated cloth. Automatic Units: Can be used in all automatic units. READ MSDS BEFORE USE.
