TECHNICAL BULLETING CPSIA STATEMENT

This statement addresses the lead and phthalate content of pressroom products supplied by Tower Products, Inc. as it pertains to the Consumer Product Safety Improvement Act (CPSIA).

The materials used to manufacture our blends comply with CPSIA guidelines for lead and phthalate levels. The CPSIA has postponed the implementation deadline to for printers to test their finished children's products and toys against these standards until February 10, 2010.

<http://www.pimn.org/about/CPSIA.htm> may be consulted for updates and additional information about these regulations.
