

PRESSROOM SOLUTIONS...

February 13, 2009

Subject: CPSIA Statement

This statement addresses the lead and phthalate content of pressroom products supplied by Tower Products, Inc. as it pertains to the Consumer Product Safety Improvement Act (CPSIA).

The materials used to manufacture our products comply with CPSIA guidelines for lead and phthalate levels. The CPSIA has postponed the implementation deadline to for printers to test their finished children's products and toys against these standards until February 10, 2010.

The following website <http://www.pimn.org/about/CPSIA.htm> may be consulted for updates and additional information about these regulations. Tower customer service can be reached at 800.527.8626.
