

## Technical Data Sheet

### LO-VO WASH 2000 AUTOMATIC QW

#### *LOW VOC WASH FOR USE IN SHEETFED AND WEB AUTOMATIC BLANKET WASHER SYSTEMS*

#### DESCRIPTION:

LO-VO WASH 2000 AUTOMATIC QW was designed to be used in automatic blanket washer systems on sheetfed and web presses. The product features a strong cleaning action with no residual surfactant residue to contaminate the spray bars or the blankets.

#### DIRECTIONS FOR USE:

**Automatic Blanket Washers:** Add to blanket washer reservoir for automatic application per the manufacturer's guidelines. For best results, make sure that the water pulse is at least double the solvent pulse and extra water for a rinse is preferred, but always check with the manufacturer. **Hand Blanket Wash:** Apply a small quantity of product to the rag and make sure that the rag is not in any way saturated. Apply to the blanket. Follow by a water dampened rag and buff dry or dampen the rag first and add a small quantity of product to the rag and apply to the blanket. READ MSDS BEFORE USE.

#### FEATURES AND BENEFITS:

- \*Low VOC content that meets the EPA Control Technology Guidelines.
- \*Specially formulated for automatic units to decrease residue.
- \*High Flash Point and very low in odor.
- \*Excellent cleaning efficiency.
- \*Approved for use in Oxy-Dry, Elettra and Heidelberg automatic web systems.

#### SPECIFICATIONS:

Flashpoint: >142 degrees F. TCC  
VOC: 2.02 lbs. /gallon, (245 grams/liter), 30%  
Drying speed: Slow  
Solvent Strength: Moderate      Odor: Mild  
Composite Vapor Pressure (mmHG): 1.0

#### HMIS RATING:

Health: 1    Flammability: 2    Reactivity: 0    Personal Protection: B

#### PACKAGING:

55 gallon drum
