

ON THE FLY PLATE CLEANER

Non-Emulsion Plate Cleaner for Baked Plates

DESCRIPTION:

On the Fly Plate Cleaner is a non-emulsion cleaner used to clean baked printing plates in a production setting. The product quickly and effectively desensitizes scratches while the web press is running. On The Fly Plate Cleaner will help you minimize press downtime and maximize print quality by rapidly cleaning and conditioning the plate.

DIRECTIONS FOR USE:

Web Press: Spray or apply the product directly to the dampening roller system while the press is running.

Sheetfed Press: Moisten a soft cloth or sponge with and wipe on plate in direction of the scratches. Wash plate with water or fountain solution immediately after cleaning.

READ MSDS BEFORE USE.

FEATURES:

- Low VOC product without any HAP's.
- Strong, effective cleaner.
- Provides quick and clean restarts.
- Desensitizes scratches.
- Approved for use with Kodak Thermal Platinum and Thermal Direct plates
