

PLATE FINISHER

CTP PLATE FINISHER FOR PROCESSORS

DESCRIPTION:

Tower Plate Finisher can be used in all processors and is compatible with all CTP metal plates. The product contains a high technology package of wetting agents, anti-scratch resistant ingredients and desensitizers. Tower Plate Finisher provides excellent protection from handling scratches. A five gallon cube should process 1,500 square meters of plate material without any gum film or viscosity issues.

DIRECTIONS FOR USE:

Processor: Use Tower Plate Finisher as supplied. Dilute with deionized or RO water if the product starts to build up on the rollers.

READ SDS BEFORE USE.

FEATURES AND BENEFITS:

- Protects plate from handling scratches.
- Zero VOC product and no HAP's
- Helps to provide fast rollups on CTP plates
- Compatible in all processors and with all metal CTP plates.

SPECIFICATIONS:

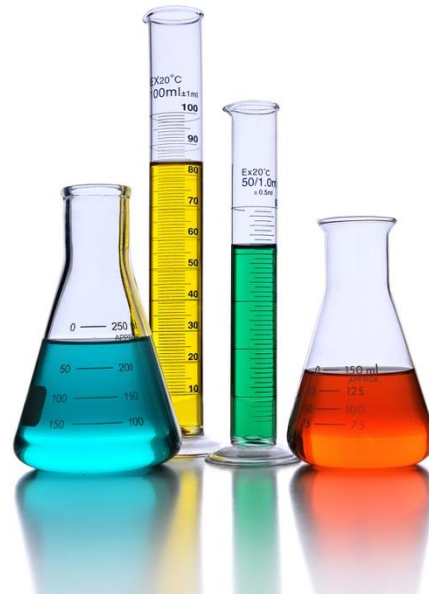

- Flashpoint: None.
- VOC: None
- pH:4.0
- Specific Gravity Fresh 100% Solution: 1.025
- Appearance: Amber liquid.
- Odor: Mild

HMIS RATING:

Health: 1 Flammability: 1 Reactivity: 0 Personal Protection: B

PACKAGING:

5 gallon pails and 55 gallon plastic drums

Tower Products is a global manufacturer of pressroom chemistry. Our products are formulated to help increase worker safety and environmental compliance while at the same time providing the printer with the best possible solutions for their printing operation.

Our products include:

- Step Fountain Solutions
- Alcohol Replacements
- Premium Press Washes
- UV/LED Pressroom Chemistry
- Plate Cleaners
- Specialty Pressroom Products
