

COATINGS CLEANER AC

Aqueous/UV Coatings and Pressroom Cleaner

DESCRIPTION:

Tower Coatings Cleaner AC was developed to quickly clean the toughest coatings, even dried coating, without the use of ammonia. Coatings Cleaner AC will not only clean the coating, but also any residual ink as well. Coatings Cleaner AC features a mild odor and will not damage rollers and blankets. Additionally, the product is an excellent pressroom cleaning solution for removing ink from press frames and floor areas.

DIRECTIONS FOR USE:

For Heavy Coating Build-Up: Spray the product liberally on the dried coating and wait 30 seconds for the product to penetrate and soften the coating. Wipe off the coating with a rag.

For Lighter Coating Build-Up: Apply the product with a rag and wipe until clean.

For Pressroom Cleaner: Apply using a saturated shop towel or spray product on surfaces and wipe ink away. **READ SDS BEFORE USE.**

FEATURES AND BENEFITS:

- Outstanding cleaning power.
- Cleans aqueous and UV coatings.
- Does not contain ammonia.
- Non-damaging cleaning of rubber rollers, blanket and press parts.
- Mild odor and easy to work with.

SPECIFICATIONS:

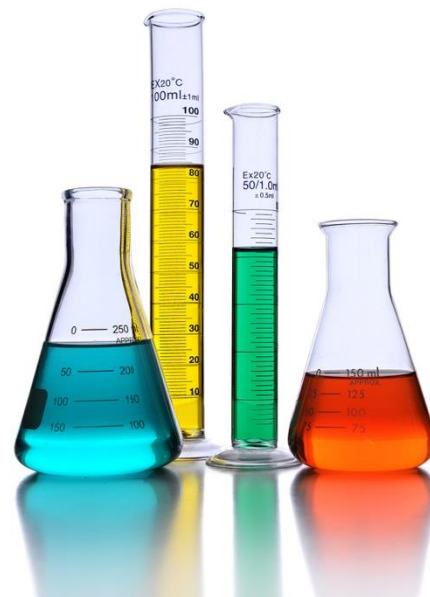

- Flash Point: Greater than 142 degrees F. (TCC)
- VOC Data: 2.7 pounds/gallon, 320 grams per liter, 36%
- pH of Concentrate: 9-11
- Odor and Appearance: Water white liquid with mild ether odor.

HMIS RATING:

Health: 1 Flammability: 2 Reactivity: 0 Personal Protection: B

PACKAGING:

12x1 quart case, 4x1 gallon case, 55 gallon drums, 275 gallon totes

Tower Products is a global manufacturer of pressroom chemistry. Our products are formulated to help increase worker safety and environmental compliance while at the same time providing the printer with the best possible solutions for their printing operation.

Our products include:

- Step Fountain Solutions
- Alcohol Replacements
- Premium Press Washes
- UV/LED Pressroom Chemistry
- Plate Cleaners
- Specialty Pressroom Products
