

TECHNICAL DATA SHEET

RESTORKLEEN ROLLER AND BLANKET DEGLAZER, REJUVENATOR AND CONDITIONER

DESCRIPTION:

RESTORKLEEN is a one-step blanket deglazer and rejuvenator for all size presses. The product will strip away glaze and leave behind a plasticizer to help restore the rubber surface and prevent dehydration.

DIRECTIONS FOR USE:

ROLLERS: Pour on top of roller and roller train and let run in. Follow with a water rinse or a 50-50 mixture

of water and a water miscible wash like Press Pro, Colorkleen, or I.P. Wash.

BLANKETS: Apply full strength using a saturated cloth. A second wipe with a damp cloth will remove any excess plasticizer after the product has been applied.

The product should be rinsed to prevent surfactant build-up.

READ SDS BEFORE USE.

FEATURES AND BENEFITS:

- Makes rollers and blankets velvety smooth and feel like new.
- Three products in one (deglazer, rejuvenator and conditioner).
- No red label and low odor.
- Not a fast drying product, but a deep cleaner.
- Meant to be used as a maintenance product, not a daily wash.

SPECIFICATIONS:

- Flashpoint: 112 F. TCC
- VOC: 6.97 lbs./gal (836 grams/liter), 90%
- Drying Speed: Slow
- Solvent Strength: Strong
- Odor: Bubble Gum
- Composite Vapor Pressure (mmHG): 3.0

HMIS RATING:

Health: 2 Flammability: 2 Reactivity: 0 Personal Protection: B

PACKAGING:

4 x 1 gallon cases, 5 gallon pails, 55 gallon drums

Tower Products is a global manufacturer of pressroom chemistry. Our products are formulated to help increase worker safety and environmental compliance while at the same time providing the printer with the best possible solutions for their printing operation.

Our products include:

- Step Fountain Solutions
- Alcohol Replacements
- Premium Press Washes
- UV/LED Pressroom Chemistry
- Plate Cleaners
- Specialty Pressroom Products
