

ROLLER PASTE

PREMIUM ROLLER CLEANING PASTE

DESCRIPTION:

Tower Roller Paste is a high technology cleaning paste for thoroughly cleaning printing rollers. The product is unique in that it accomplishes the cleaning function without strong solvents or abrasive chemical additives. The product is ideal for color changes and daily roller maintenance.

DIRECTIONS FOR USE:

Rollers: Wash up the roller train with roller wash. Apply the product in a thin bead across the top roller and let it run in for three minutes. Engage the wash up blade and rinse with roller wash. Reapply as necessary. Tower Roller Paste can be left on rollers overnight and over the weekend for conditioning. **READ SDS BEFORE USE**

FEATURES AND BENEFITS:

- Easy to apply roller paste with very low odor.
- No strong solvents or abrasives. Will not cause plate wear
- Eliminates roller glazing.
- Can be used to clean both conventional and UV inks.
- Conditions rollers.
- Will not harm EPDM or NBR rollers.
