

REDUCTION OF TOXICS IN PACKAGING CONEG COMPLIANCE STATEMENT

All Tower products comply with the requirements of toxics in packaging law, specifically CONEG Legislation ASTM F963-86.

Tower certifies that the regulated metals lead, mercury, cadmium, and hexavalent chromium (Chrome Six) were not intentionally added to any package or packaging component during the manufacturing process.

Tower certifies that the sum of the incidental concentration levels of lead, mercury, cadmium, and hexavalent chromium present in any package or package component does not exceed 100 parts per million by weight.

Tower maintains adequate documentation of this certification for inspection upon request.
